PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in designing, developing, and deploying scalable web and mobile systems using **HTML, CSS, JavaScript, Node.js, NestJS, Next.js, MySQL, and PostgreSQL**. Strong background in backend API design, database modeling, authentication flows, and production deployment. Proven ability to deliver real-world platforms used by businesses, alongside cross-platform mobile applications using Flutter.

PROFESSIONAL EXPERIENCE

- Miicon Solutions** Jun 2025 – Present
Full-Stack & Flutter Developer Bangladesh
 - **Backend & APIs:** Developed RESTful APIs using **Node.js** and **NestJS**, handling authentication, role-based access, validation, and secure data transactions.
 - **Frontend Systems:** Built responsive web interfaces using **HTML, CSS, JavaScript** and modern frameworks; collaborated closely with designers to ensure UX consistency.
 - **Database Design:** Designed and maintained relational schemas using **MySQL** and **PostgreSQL**, optimizing queries and ensuring data integrity.
 - **Mobile Integration:** Integrated Flutter applications with backend services, ensuring seamless API communication and scalable architecture.
 - **Production Deployment:** Worked in CI/CD-driven environments with Git, Docker-based workflows, and staging/production pipelines.
- xFishery** 2023 – 2024
Full-Stack Developer Bangladesh
 - **Enterprise Web Platform:** Developed and maintained core modules of xfishery.com, a production-grade platform supporting real business operations.
 - **Backend Engineering:** Implemented backend services using **Node.js** with structured API layers, authentication flows, and business logic enforcement.
 - **Database & Reporting:** Worked extensively with **PostgreSQL** for transactional data, reporting, and performance-critical queries.
 - **Frontend Development:** Built responsive, SEO-friendly pages using **HTML, CSS, JavaScript**, ensuring cross-browser compatibility.
 - **System Stability:** Improved reliability and maintainability by refactoring legacy components and enforcing clean code practices.

SELECTED REAL-WORLD PROJECTS

- **Bikroy Plus POS System** — bikroyplus.com
 - **Stack:** Node.js, MySQL, HTML, CSS, JavaScript, Flutter
 - Production-ready POS and inventory management platform used by businesses.
 - Implemented product management, sales tracking, invoicing, customer due management, and reporting dashboards.
 - Designed scalable backend APIs with secure authentication and role-based permissions.
- **AI-Powered Job Recommendation System**
 - **Stack:** PHP, MySQL, HTML, CSS, JavaScript, Python
 - End-to-end system that matches CVs with job descriptions using keyword matching and ML techniques.
- **Inventory Management System**
 - **Stack:** React.js, Django REST Framework, MySQL
 - Dashboard-based CRUD system with real-time API integration and reporting features.

EDUCATION

- **Bachelor of Computer Science and Engineering** 2025
Green University of Bangladesh *CGPA: 3.80/4.00*

TECHNICAL SKILLS

- **Languages:** JavaScript, Dart, Python, C, C++
- **Backend:** Node.js, NestJS, REST APIs, Authentication, PostgreSQL, MySQL
- **Frontend:** HTML5, CSS3, JavaScript, React, Next.js
- **Mobile:** Flutter, Firebase
- **Tools:** Git, Docker, Postman, CI/CD, Selenium, Playwright

RESEARCH & PUBLICATIONS

- **Accepted Paper — IEEE STI 2025: A Capsule-Based Model for Keyphrase Extraction from Short Texts Using Variational Inference and Transformer Embeddings.**
Accepted at the 2025 IEEE 7th International Conference on Sustainable Technologies for Industry 5.0 (STI 2025).
- **Accepted Paper — IEEE STI 2025: EDNeuFTM: Enhanced Deep NeuroFusion Topic Modeling with NeuroCapsule.**
Accepted at the 2025 IEEE 7th International Conference on Sustainable Technologies for Industry 5.0 (STI 2025).

AWARDS & LEADERSHIP

- **Vice Chancellor & Dean Awards:** Multiple semesters for academic excellence.
- **Publication Secretary:** Green University Computer Club.
- **Bangladesh Red Crescent Society:** Deputy to Chief, COVID-19 frontline volunteer.
